

Hal Specification.Pdf – Page 1

Abstraction Model

HAL layering, device classes, portability model.

Interfaces

Driver-facing and kernel-facing interfaces.

Hal Specification.Pdf – Page 2

Abstraction Model

HAL layering, device classes, portability model.

Interfaces

Driver-facing and kernel-facing interfaces.

Hal Specification.Pdf – Page 3

Abstraction Model

HAL layering, device classes, portability model.

Interfaces

Driver-facing and kernel-facing interfaces.

Hal Specification.Pdf – Page 4

Abstraction Model

HAL layering, device classes, portability model.

Interfaces

Driver-facing and kernel-facing interfaces.

Hal Specification.Pdf – Page 5

Abstraction Model

HAL layering, device classes, portability model.

Interfaces

Driver-facing and kernel-facing interfaces.

Hal Specification.Pdf – Page 6

Abstraction Model

HAL layering, device classes, portability model.

Interfaces

Driver-facing and kernel-facing interfaces.

Hal Specification.Pdf – Page 7

Abstraction Model

HAL layering, device classes, portability model.

Interfaces

Driver-facing and kernel-facing interfaces.

Hal Specification.Pdf – Page 8

Abstraction Model

HAL layering, device classes, portability model.

Interfaces

Driver-facing and kernel-facing interfaces.

Hal Specification.Pdf – Page 9

Abstraction Model

HAL layering, device classes, portability model.

Interfaces

Driver-facing and kernel-facing interfaces.

Hal Specification.Pdf – Page 10

Abstraction Model

HAL layering, device classes, portability model.

Interfaces

Driver-facing and kernel-facing interfaces.

Hal Specification.Pdf – Page 11

Abstraction Model

HAL layering, device classes, portability model.

Interfaces

Driver-facing and kernel-facing interfaces.

Hal Specification.Pdf – Page 12

Abstraction Model

HAL layering, device classes, portability model.

Interfaces

Driver-facing and kernel-facing interfaces.

Hal Specification.Pdf – Page 13

Abstraction Model

HAL layering, device classes, portability model.

Interfaces

Driver-facing and kernel-facing interfaces.

Hal Specification.Pdf – Page 14

Abstraction Model

HAL layering, device classes, portability model.

Interfaces

Driver-facing and kernel-facing interfaces.

Hal Specification.Pdf – Page 15

Abstraction Model

HAL layering, device classes, portability model.

Interfaces

Driver-facing and kernel-facing interfaces.

Hal Specification.Pdf – Page 16

Abstraction Model

HAL layering, device classes, portability model.

Interfaces

Driver-facing and kernel-facing interfaces.

Hal Specification.Pdf – Page 17

Abstraction Model

HAL layering, device classes, portability model.

Interfaces

Driver-facing and kernel-facing interfaces.

Hal Specification.Pdf – Page 18

Abstraction Model

HAL layering, device classes, portability model.

Interfaces

Driver-facing and kernel-facing interfaces.

Hal Specification.Pdf – Page 19

Abstraction Model

HAL layering, device classes, portability model.

Interfaces

Driver-facing and kernel-facing interfaces.

Hal Specification.Pdf – Page 20

Abstraction Model

HAL layering, device classes, portability model.

Interfaces

Driver-facing and kernel-facing interfaces.

Hal Specification.Pdf – Page 21

Abstraction Model

HAL layering, device classes, portability model.

Interfaces

Driver-facing and kernel-facing interfaces.

Hal Specification.Pdf – Page 22

Abstraction Model

HAL layering, device classes, portability model.

Interfaces

Driver-facing and kernel-facing interfaces.

Hal Specification.Pdf – Page 23

Abstraction Model

HAL layering, device classes, portability model.

Interfaces

Driver-facing and kernel-facing interfaces.

Hal Specification.Pdf – Page 24

Abstraction Model

HAL layering, device classes, portability model.

Interfaces

Driver-facing and kernel-facing interfaces.

Hal Specification.Pdf – Page 25

Abstraction Model

HAL layering, device classes, portability model.

Interfaces

Driver-facing and kernel-facing interfaces.
